One2C Multi-cloud Platform
Data Center Connectivity

Global Coverage

Our carrier-neutral network has over 140 PoPs, offering service coverage in more than 300 cities, enabling seamless connectivity for clients worldwide.

with N*100G internet access capabilities

Unmatched Global Network Delivery

- Carrier-Neutral Connectivity Spanning Global Markets
- AI-Powered SD-WAN and SASE Solutions
- End-to-End Network Optimization and Security
- Seamless Cloud and Data Center Integration
- 24/7 Support with 99.99% Reliability

Why Us

1

GLOBAL NETWORK REACH

Our carrier-neutral network provides seamless connectivity across global and Asian markets, enabling telecom carriers to broaden client reach and accelerate growth effortlessly.

2

UNRIVALED SD-WAN AND SASE EXPERTISE

As pioneers in the field, we offer industry-leading solutions enhanced by AI that secure and accelerate client networks, helping you strengthen your competitive edge.

3

DYNAMIC PARTNER ECOSYSTEM

Our alliances with global innovators leverage AI and 5G advancements, empowering you to deliver cutting-edge services that attract and retain high-value clients.

4

END-TO-END NETWORK SOLUTIONS

From Asia to global connectivity, our services streamline operations, reduce costs, and improve client satisfaction, driving your revenue growth.

5

TRUSTED BY INDUSTRY LEADERS

With 18 years of experience and more than 10,000 customer sites deployed, our proven partnerships deliver customized solutions, ensuring that your clients confidently achieve their digital goals.

6

ROCK-SOLID SUPPORT

Our 24/7 global Network Operations Centers (NOCs) and Security Operations Centers (SOCs), supported by AI monitoring and a 99.99% uptime guarantee, keep your clients' networks running flawlessly, enhancing your reputation.

AI-powered Intelligent O&M

-  AI ChatOps for instant partner support
-  Predictive fault detection minimizes downtime
-  Automated troubleshooting ensures rapid recovery
